1.10. POINT SYSTEM

Each technique and open and closing ceremonies are evaluated with a maximum positive score of 10 points. The positive score is decreased by mistakes The evaluation of every technique of Kata has to consider the principle and the opportunity of execution: the evaluation (included the open and closing ceremony) has to be comprehensive.

Tours 2018 - France

Definition of mistakes:

Forgotten technique – score is Zero and the total score of the Kata is halved. If the forgotten technique is more than one, zero score will be given to the technique but the total score will be not halved again. If the halved total value is not a whole number, the score will be rounded up.

Big mistake: when the execution of the principle is incorrect (5 points are deducted and the maximum number of crosses is 1)

Medium Mistake: when one or more elements of the principle are not applied in the correct way (3 points are deducted and the maximum number of crosses is 1).

Small mistake: imperfection in the application of the technique (1 point is deducted and the maximum number of crosses is 2).

For every technique without a big mistake, the minimum score has to be 5.

If there is a big mistake in the Kata (including the bow), the score must not be more than 5.

In the Nage no Kata, right and left techniques will be evaluated globally (only one score).

In case of equal score between pairs, the following criteria will be applied considering the scoring sheets of the 5 Judges:

- Total value of big mistakes - wins who makes less mistakes;
- If still equal, total value of medium mistakes will be considered. - wins the pair who makes less mistakes;
- If still equal, total value of small mistakes will be considered - wins the pair who makes less mistakes;
- If still equal, the average score (evaluated until the second decimal place) of the whole Kata will decide. Wins the pair who has a better score.

If two pairs both place 3rd place after the above mentioned criteria, the kata will be repeated in order to assign the medal.

2. Judges

2.1. LEVEL OF JUDGES

The contests will be judged by IJF/EJU or National qualified Kata Judges. Kata rules to be followed are as published by the EJU. The Judges will evaluate these Kata on the basis of the official international Kata standard according and with reference to the official KdK edition of video (official amendment only should be considered if any).

2.3. SYSTEM OF JUDGING

The Judges are five and will be positioned on the shomen side. They will award points on the official EJU scoring sheet. For each technique the total score of three Judges will be totaled to produce the final score: the maximum score and the minimum score for each technique will be cancelled. The total score of the whole Kata will be the sum of the score totaled by five Judges.

A Judge cannot be a competitor.

The judges shall always be in their position before the arrival of the couple in the competition area.

The judge in the Centre stands up and, with tense arms and palms of the hands turned upward, invites the couple to enter the competition area.

The couple enters and leaves the competition area at the opposite side of shomen: the start and end of Kata (opening and closing ceremony) is at 10 m or 8 m distance (bow to the mat).

Any behavior of Tori or Uke inside the Competition area that is contrary to the spirit of Kata will reduce the score of the ceremony.
